

DARE TO DIFFER

Sustainable & carefree corporate wear

www.illimor.com

SPREADING GOOD

iLLIMOR™ was founded in 2020 from the idea of **re-valuing** the leftovers from the textile industry and promoting new generation eco-friendly fabric **Tencel™**.

Our ultimate goal is to find a right balance between a comfortable design, environmental sustainability and social responsibility. Thus, we are constantly seeking to **improving** our materials and processes.

In short, we wish to make the world a better place by providing authentically sustainable and most certainly the **coolest uniforms**.

“CAREFREE CLOTHES FOR FREE SOULS”
THE MOTO

B2B

AUTHENTICITY

We are extremely **enthusiastic** about sustainability and wish that your valuable employees would also wear an eco-friendly outfit.

We believe that sustainable workwear does not only contribute to a **better business reputation**, but also creates an image of trust with your customers.

Since there is no Planet B, we have chosen to produce most of our B2B products from Tencel™ - a **certified biodegradable** fabric that is manufactured right here in Estonia. How cool is that!

Garage48 team members wearing our Tencel products

**“Our B2B products are made of Tencel™
that is manufactured in Estonia”**

MATERIAL

and we'll make it happen!

CLIENTS

The most startup-minded business festival celebrating entrepreneurship and collaboration.

Their tagline “From Zero to Hero” inspires hundreds of startups and renowned speakers from all over the world to gather once a year in smart city of Tartu.

For sTARTUp Day 2022, we have made one of our signature hoodies with a yellow triangular detail aligning with brand colors. Printed strings highlight the festival’s legendary icons while a sneak peek inside the garment reveals cool customized care label.

**“sTARTUp Day legendary icons
printed on hoodie strings”**

CLIENTS

Garage 48

Garage48 is startup hackathon series turning brilliant ideas into a working prototype in 48 hours.

Having accomplished hundreds of hackathons and built nearly 1000 prototypes, Garage48 team is unstoppable.

In order to live up for their noble goal, Garage48 team was looking for diverse and recognizable uniforms, emphasize the sustainability they strive for themselves. Tencel fabric was therefore a match made in heaven for their expectations. Playing around with different colors led to an unique design concept, aligning perfectly with the vibrant and entrepreneurial community where Garage48 operates.

**“Playing around with colors
led to an unique design concept”**

CLIENTS

CRAFTER'S

Crafter's Artisanal Gin is known for the beautiful craftsmanship in distillation with the fine-tuned unique botanical fingerprint. As the brand is inspired by the wild Nordic forests, fertile land and zero waste philosophy, their workwear has to be aligned with the same values.

The concept of Crafter's uniforms is based on the circularity and styled according to brand colours. It is an ideal example of re-using deadstock materials and adapting the initial design to what is already available as waste. Crafter's dresses have an oversized cut for the ease of movement when preparing their customers the best fine-tuned artisanal gin in the world.

“The concept of Crafter's uniform is based on circular philosophy”

FEATURE

CLIENTS

Adcash is a pioneer in online advertising with over 14 years' ad tech experience. They run a global self-serve platform with smart ad technology making the affiliate marketing journey simple, enjoyable and profitable!

Adcash team was right away thrilled about the little extra details we offer. As a surprise gift for their employees, they opted for a seemingly classical beige hoodie, however with some very cool details - a custom-made neck and cuff label, a logo in the back in silk-screen print, an embroidery in front and custom-made laser engraved string stoppers for the hood.

“All about the details - check out the custom-made neck label”
